

Dear staff, students and families,

Can you support our Design & Technology department and our students raise money to either **repair** or **replace** our broken laser cutter machine? Ideally, the College would benefit from a new laser cutter to replace our 9 year old machine which would cost **£12,000** but in the event that we're unable to raise the full amount, we'll aim to **repair** the laser cutter at a cost of **£4,000**.

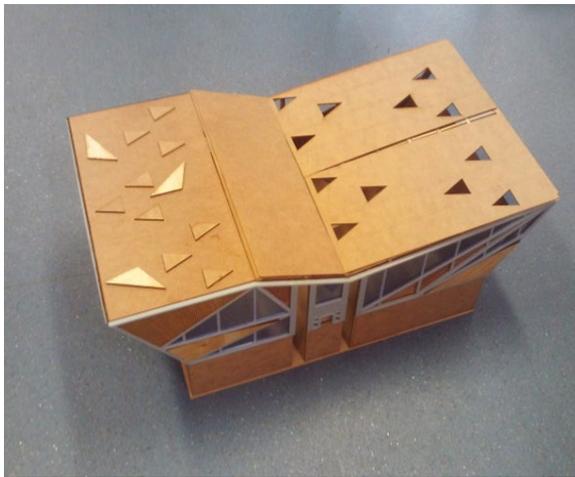

Why are we fundraising?

Ernest Bevin specialises in STEM (Science, Technology, Engineering and Maths) subjects and it is vital for our college and our students to be equipped with the best technology to achieve their full potential.

Our current laser cutter machine:

Some of our students' projects using the laser cutter machine over the years:

How to donate

We are asking for donations from parents, alumni, local businesses and the wider community. If you wish to donate please click here and support the DT department at Ernest Bevin College:

<https://app.investmycommunity.com/fundraise/friends-of-ernest-bevin-school-3083>

You can also support us by sharing the FEBS campaign with your network by following us on our social media platforms below. Send us a like, re-post/tweet. Also, if you'd like to partner with us please send us an email below. Your contribution will be hugely appreciated.

Finally, from us all here at FEBS we wish those celebrating Easter, Passover and Ramadan an enjoyable celebration and the Bevin community a pleasant and restful half term.

Thank you for your ongoing support!
