New Families

WELCOME

BOOKLET

2026

It is my privilege to welcome you and your son to Ernest Bevin Academy.

My vision is ambitious: for Ernest Bevin Academy to be recognised as one of the top boys' schools in the country. We will achieve this by combining academic excellence with a culture built on high expectations, strong relationships and a relentless belief in every student's potential.

Our values of Ambition, Perseverance, and Unity sit at the heart of everything we do. Ambition drives our students to aim high and achieve their very best. Perseverance gives them the resilience to overcome challenges and keep moving forward. Unity ensures that we work together as one community – staff, students, and families – to support and inspire one another.

We want every young man who joins us to flourish – academically, personally, and socially – leaving Ernest Bevin confident, resilient and ready to make a positive difference in the world. Our Sixth Form offers excellent pathways into university, apprenticeships and employment, ensuring every student can pursue their ambitions with confidence.

I am excited to work with our talented staff, supportive families and dedicated governors to build on the Academy's proud history and take it to even greater heights. Together, we will make Ernest Bevin Academy a place where students are inspired to achieve, develop character and embrace every opportunity that comes their way.

I warmly invite you to explore our website, visit us and see for yourself the pride, energy and determination that define our community.

Damola Ademolake
Principal

Part of United Learning

A family of schools

Ernest Bevin Academy is part of United Learning. United Learning is a group of schools which aims to provide excellent education to children and young people across the country.

We seek to improve the life chances of all the children and young people we serve and make it our mission to bring out the best in everyone - students, staff, parents and the wider community. We are uniquely united across both the state and the independent sectors; we make learning and improvement our focus. Together, we are one of the country's leading education providers, currently educating over 60,000 students and employing over 9,000 members of staff including over 5,000 teachers.

Through being part of a group, we can offer more to both staff and young people than any single school could offer alone. The growing range of outstanding group-wide activities that we can provide will mean that more young people will have truly exceptional and inspiring experiences. Already, we believe that our group contains the most developed relationships and practical interaction between independent and state schools in the country, creating benefits for all the schools involved.

Why choose a boys' school

A focused learning environment:

Without the presence of girls, boys may experience fewer distractions, enabling them to concentrate better on their studies. This can lead to improved academic performance and the development of strong study habits.

Tailored teaching methods:

Catering specifically to the needs and learning styles of male students. Employing teaching techniques that promote active learning, hands-on activities, and competition, which can engage boys more effectively.

A wide range of extracurricular activities

This fosters a sense of camaraderie and healthy competition, encouraging boys to develop their talents and leadership skills.

A nurturing environment:

Boys can freely express themselves, explore their interests, and develop their individuality without fear of judgment or stereotypes.

Exam Results 2025

Ernest Bevin Academy Sixth Form students secured places at leading universities across the country, with many progressing to competitive courses in Science, Technology, Engineering and Mathematics, building on our strong tradition of success in STEM subjects. 2025 student destinations include:

- Nicholas – Computer Science, Queen Mary University of London
- Karan – Engineering, Queen Mary University of London
- Zubair – Mathematics, University of Leeds
- Kavishan – Mathematics and Computer Science, University of Southampton
- Deno – Mechanical Engineering, University of Nottingham
- Shanthoos – Mechanical Engineering, University of Birmingham

Engineering remains a particularly popular pathway, with students on vocational routes also achieving strong progression through their BTEC qualifications:

- Ibrahim – Mechanical Engineering, Brunel University of London
- Sheyraryar – Mechanical Engineering, Kingston University London
- Ali – Aerospace Engineering, Kingston University
- Abdur – Aerospace Engineering, City St George's, University of London

These destinations highlight the strength of our academic and vocational pathways, and the support our students receive as they move confidently into higher education and successful future careers.

Our Values

At Ernest Bevin Academy, we believe that true academic success is built on a strong foundation of character. Our school values—Ambition, Perseverance, and Unity—are at the heart of everything we do. These values not only guide our students' personal growth but also play a crucial role in their academic journey.

Ambition

Ambition fuels our students' desire to excel, encouraging them to set high goals and pursue their passions with determination. By fostering a culture of ambition, we empower students to push beyond their limits and strive for excellence in every aspect of their education.

Perseverance

Perseverance teaches our students the importance of resilience and hard work. We help them understand that success often comes from persistent effort and learning from challenges. This value instils in them the discipline and tenacity needed to overcome obstacles and achieve their academic goals.

Unity

Unity emphasises the power of collaboration and mutual support. We cultivate an environment where students learn to work together, respect diverse perspectives, embrace different cultures, and support one another. This sense of community not only enhances their social skills but also enriches their academic experience by fostering teamwork and collective success.

Clubs and Activities

All students are expected to take part in at least one of the many extra-curricular activities on offer at Ernest Bevin Academy. Activities take place before school, during lunchtime and after school, providing students with opportunities to develop new skills, explore interests and build friendships. Clubs include Sculpture Club, Cricket, Football, Debate, DT Club, Drama Club, STEM activities, Swimming and Table Tennis, with many more available throughout the year.

Students also have the opportunity to join the Royal Marines Combined Cadet Force (CCF), where they can develop leadership, teamwork and resilience through a range of challenging and rewarding activities.
