

RE: Year 10 mid-year assessments

Dear Parent/Carer,

19TH December 2025

I am writing to you today with information about the mid-year assessments for Year 10. These are a series of exams that are taken with the academy to help us re-set students into the new sets in the second half of the year.

All students will, in the week from Monday 12th January to Friday 16th January, take exams in the small gym as laid out in the table below. These papers will allow us to see the progress students are making and compare that against the rest of the year. These results will then let us re-set the subjects that are taught by academic ability (Math's, English and Science).

These exams are important for your son, and he should prepare appropriately by revising the work in all the subjects he has done so far in this academic year. By preparing well for the coming exams he will be laying the foundations for future study higher up in the school and creating the habits that lead to long term success.
